The Future Outlook

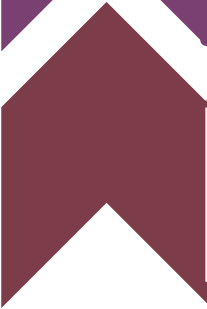

- The Company's business was severely impacted by the second wave of the Covid19 pandemic which began in early April 2021. The restrictions were partially relaxed resulting a positive trend in demand beginning September 2021 followed by a sharp recovery in the third quarter of the year, particularly in the leisure destinations.

- The third quarter has started with a strong revival in business and revenues as well as occupancies are almost at pre-pandemic levels. The rapid vaccination drive and easing of travel restrictions for double-vaccinated people has resulted in a surge in leisure travel.

- The fourth quarter of the fiscal began with the third wave of COVID19 but thankfully, it did not last long. The Company's new hotel in Sinclairs Yangang, South Sikkim commenced operations on May 3, 2022.

- There is healthy recovery in revenues in the initial months of financial year 2022. The Company is constantly looking at new areas of revenue growth .The Company's properties are well maintained with all safety protocols in place.

Status of Kolkata Land

The Company owns one acre of prime freehold land in Rajarhat, New Town, Kolkata.

Earlier plans of setting up a 114-room business hotel has been shelved.

The market value of land has appreciated and it is proposed to unlock this value at a suitable time.

Growth Story

Future Plans

Sinclairs plans to expand its chain by acquiring properties on outright purchase/lease.

Leased properties will result in expanding footprints quickly while new acquisitions will reduce tax liability.

The present cash surplus exceeding ₹ 69 crore together with cash generated every year will ensure that the company has adequate cash flow for acquisitions without any borrowings.

The strategy will be to acquire or take on lease properties located around the present ones to take advantage of the cluster approach.

We are privileged to be amongst **top 10%** of hotels worldwide.
